

ARGUMENT IN FAVOR

Twenty-four years ago, our Hospital was saved from closure by the overwhelming support of a hospital tax. Every four years we get an opportunity to reaffirm that mandate.

VOTE YES TO KEEP OUR HOSPITAL

Every year our Hospital provides nearly 7,000 Emergency Room visits, 1,200 acute patient days, 7,000 extended care days and 10,000 out-patient visits, thereby protecting the health of residents and visitors. Our Hospital provides laboratory, radiology, physical therapy, gynecology, surgery, two Rural Health Clinics and 24-hour emergency services.

Mountains Community Hospital improves the quality of life of our district by providing accessible healthcare services and programs for everyone from infants to seniors.

Our Hospital is essential to attract and retain the qualified doctors and medical specialists that serve our district's need for quality healthcare.

MCH supports local paramedics in the event of accidents and emergencies by providing an immediately accessible emergency room. Without it, paramedics would be transporting all patients to San Bernardino-area facilities. This is especially critical when roads are closed or during inclement weather when ice and snow and fog may cause life threatening delays.

Our Hospital has demonstrated its ability to use our tax support wisely. In spite of continued reimbursement reductions from government and insurance companies, MCH need only continue the present tax to provide up-to-date equipment, medical facilities and physicians, they are not asking for an increase in tax funding.

The tax for each residential parcel will continue at \$6.67 per month, for each unimproved parcel \$3.33, and for each commercial parcel \$16.67-- a small price for having a local acute care hospital and emergency room nearby.

Vote YES to KEEP OUR HOSPITAL without increasing taxes!
