

EXHIBIT A

FULL TEXT OF BOND PROPOSITION

MORONGO UNIFIED SCHOOL DISTRICT CLASSROOM SAFETY, RENOVATION AND CONSTRUCTION MEASURE

This proposition may be known and referred to as the “Morongo Unified School District Classroom Safety, Renovation and Construction Measure” or as “Measure ___”. *[designation to be assigned by County Registrar of Voters]*

BOND AUTHORIZATION

By approval of this proposition by at least 55% of the voters of the Morongo Unified School District (the “District”) voting on the proposition, the District shall be authorized to issue and sell bonds of up to \$55,600,000 in aggregate principal amount to provide financing for the specific school facilities projects listed under the heading entitled “BOND PROJECT LIST” below (the “Bond Project List”), and qualify to receive State of California matching grant funds, subject to all of the accountability safeguards specified below.

ACCOUNTABILITY SAFEGUARDS

The provisions in this section are specifically included in this proposition in order that the voters and taxpayers of the District may be assured that their money will be spent to address specific school facilities needs of the District, all in compliance with the requirements of Article XIII A, Section 1(b)(3) of the California Constitution, and the Strict Accountability in Local School Construction Bonds Act of 2000 (codified at Sections 15264 and following of the California Education Code (the “Education Code”)).

Evaluation of Needs. The Board of Education of the District (the “Board”) has prepared a long range facilities master plan in order to evaluate and address the facilities needs of the District, and to determine which projects to finance from a local bond at this time. The Board hereby certifies that it has evaluated safety, class size reduction and information technology needs in developing the Bond Project List.

Limitations on Use of Bonds. Proceeds from the sale of bonds authorized by this proposition shall be used only for the construction, reconstruction, rehabilitation, or replacement of school facilities, including the furnishing and equipping of school facilities, or the acquisition or lease of real property for school facilities, and not for any other purpose, including teacher and administrator salaries and other school operating expenses. More specifically, the Bond Project List provides for the specific projects the District proposes to finance with proceeds from the sale of bonds authorized by this proposition and such proceeds shall be applied only to those specific purposes.

Independent Citizens' Oversight Committee. In accordance with and pursuant to Education Code Section 15278 and following, the Board shall establish an independent citizens' oversight committee, to ensure proceeds from the sale of bonds authorized by this proposition are expended only for the school facilities projects listed in the Bond Project List. The committee shall be established within 60 days of the date that the Board enters the election results on its minutes pursuant to Section 15274 of the Education Code. In accordance with Section 15282 of the Education Code, the citizens' oversight committee shall consist of at least seven members and shall include a member active in a business organization representing the business community located within the District, a member active in a senior citizens' organization, a member active in a bona fide taxpayers' organization, a member that is a parent or guardian of a child enrolled in the District, and a member that is both a parent or guardian of a child enrolled in the District and active in a parent-teacher organization. No employee or official of the District and no vendor, contractor or consultant of the District shall be appointed to the citizens' oversight committee.

Annual Performance Audits. In compliance with the requirements of Article XIII A, Section 1(b)(3)(C) of the California Constitution, and the Strict Accountability in Local School Construction Bonds Act of 2000, the Board shall conduct an annual, independent performance audit to ensure that the proceeds from the sale of bonds authorized by this proposition have been expended only on the school facilities projects listed in the Bond Project List. These audits shall be conducted in accordance with the Government Auditing Standards issued by the Comptroller General of the United States for performance audits. The results of these audits shall be made publicly available and shall be submitted to the citizens' oversight committee in accordance with Section 15286 of the Education Code.

Annual Financial Audits. In compliance with the requirements of Article XIII A, Section 1(b)(3)(D) of the California Constitution, and the Strict Accountability in Local School Construction Bonds Act of 2000, the Board shall conduct an annual, independent financial audit of the proceeds from the sale of bonds authorized by this proposition until all of those proceeds have been spent for the school facilities projects listed in the Bond Project List. These audits shall be conducted in accordance with the Government Auditing Standards issued by the Comptroller General of the United States for financial audits. The results of these audits shall be made publicly available and shall be submitted to the citizens' oversight committee in accordance with Section 15286 of the Education Code.

Special Bond Proceeds Account; Annual Report to Board. In compliance with the requirements of California Government Code Section 53410 and following, upon approval of this proposition and the sale of any bonds approved, the Board shall take actions necessary to establish an account in which proceeds of the sale of bonds authorized by this proposition shall be deposited. In compliance with the requirements of California Government Code Section 53411, as long as any proceeds of the bonds remain unexpended, the chief fiscal officer of the District shall cause a report to be filed with the Board no later than January 1 of each year, commencing on the first January 1 after the sale of the

first series of bonds, stating (a) the amount of funds collected and expended in that year, and (b) the status of any project required or authorized to be funded from bond proceeds. The report may relate to the calendar year, fiscal year, or other appropriate annual period as the chief fiscal officer of the District shall determine, and may be incorporated into the annual budget, audit, or other appropriate routine report to the Board.

FURTHER SPECIFICATIONS

Joint-Use Projects. The District may enter into agreements with other public agencies or nonprofit organizations for joint use of the school facilities financed with the proceeds from the sale of bonds authorized by this proposition in accordance with Education Code Section 17077.42 (or any successor provision). The District may seek State grant funds for eligible joint-use projects as permitted by law, and this proposition hereby specifies and acknowledges that, subject to the limitations on the uses provided for herein, the proceeds from the sale of bonds authorized by this proposition will or may be used to fund all or a portion of the local share for any eligible joint-use projects identified in the Bond Project List or as otherwise permitted by California State regulations, as the Board shall determine.

Single Purpose. All of the purposes enumerated in this proposition shall be united and voted upon as one single proposition, pursuant to Education Code Section 15100, and all the enumerated purposes shall constitute the specific single purpose of the bonds, and the proceeds from the sale of bonds authorized by this proposition shall be spent only for such purpose, pursuant to California Government Code Section 53410.

Other Terms of the Bonds. When sold, the bonds shall bear interest at an annual rate not exceeding the statutory maximum, and that interest shall be made payable at the time or times permitted by law. The bonds may be issued and sold in several series, and no bond shall be made to mature more than the statutory maximum number of years from the date borne by that bond.

ESTIMATED BALLOT INFORMATION

The District is required by law to include in the statement of the measure to be voted on estimates of the amount of money to be raised annually to repay the bonds and the rate and duration of the tax to be levied for the bonds. As of the time this proposition was placed on the ballot, the District estimated an average of \$3,280,000 would be raised annually for the repayment of the authorized bonds estimated through 2053 at a projected average tax rate of 3.686 cents per \$100 of assessed valuation. Attention of all voters is directed to the fact that such information is based upon the District's projections and estimates only, which are not binding upon the District. The amount of money to be raised annually and the rate and duration of the tax to be levied for the bonds may vary from those presently estimated due to variations from these estimates in the timing of bond sales, the amount of bonds sold and market interest rates at the time of each sale, and actual assessed valuations over the term of repayment of the bonds. The dates of sale and the amount of bonds sold at any given time will be determined by the

District based on need for construction funds and other factors. The actual interest rates at which the bonds will be sold will depend on the bond market at the time of each sale. Actual future assessed valuation will depend upon the amount and value of taxable property within the District as determined by the County Assessor in the annual assessment and the equalization process.

BOND PROJECT LIST

The Bond Project List below lists the specific projects the District proposes to finance with proceeds of the bonds. The Bond Project List shall be considered a part of this bond proposition and shall be reproduced in any official document required to contain the full statement of the bond proposition. Listed projects will be completed as needed at a particular school or school facility site according to Board-established priorities, and the order in which such projects appear on the Bond Project List is not an indication of priority for funding or completion. In so far as permitted by law, each project is assumed to include its share of costs of the election and bond issuance, construction-related costs, such as project and construction management, architectural, engineering, inspection and similar planning and testing costs, demolition and interim housing costs, legal, accounting and similar fees, costs related to the independent annual financial and performance audits, a contingency for unforeseen design and construction costs, and other costs incidental to or necessary for completion of the listed projects (whether the related work is performed by the District or third parties). The final cost of each project will be determined as plans are finalized, construction bids are awarded, and projects are completed. In addition, certain construction funds expected from non-bond sources, including State of California grant funds for eligible projects, have not yet been secured. Therefore, the Board cannot guarantee that the bonds will provide sufficient funds to allow completion of all listed projects. Alternatively, if the District obtains unexpected funds from non-bond sources with respect to listed projects, such projects may be enhanced, supplemented or expanded to the extent of such funds. Some projects may be subject to further government approvals, including by State officials and boards and/or local environmental or agency approval. Inclusion of a project on the Bond Project List is not a guarantee that the project will be completed (regardless of whether bond funds are available).

The specific projects authorized to be financed with proceeds from the sale of bonds authorized by this proposition are as follows:

**CLASSROOM SAFETY, RENOVATION AND CONSTRUCTION
MEASURE PROJECTS**

ELEMENTARY SCHOOLS

The following projects are authorized to be financed at the following elementary schools:

Condor Elementary School	Onaga Elementary School
Friendly Hills Elementary School	Palm Vista Elementary School
Joshua Tree Elementary School	Twentynine Palms Elementary School
Landers Elementary School	Yucca Mesa Elementary School
Morongo Valley Elementary School	Yucca Valley Elementary School
Oasis Elementary School	

- Upgrade, expand and/or acquire and install fencing, gates, locks, access controls, security lighting, security alarm, and video surveillance.
- Modernize, upgrade, renovate, replace, rehabilitate, re-configure, expand, acquire and install, and/or upgrade classrooms, classroom buildings, labs, restrooms, common areas and grounds and school support facilities (including library, multipurpose room/auditorium, kitchen, food storage, preparation and service, cafeteria and office/staff support facilities, whether permanent, portable or modular, including interior and exterior (as applicable) doors, windows, door and window hardware, roofs, rain gutters and downspouts, walls, ceilings and floors and finishes, paint, siding, insulation, casework, cabinets, secured storage, carpets, drapes, window coverings, infrastructure, lighting, sinks, drinking fountains, fixtures, signage, fencing, landscaping, furniture and equipment.
- Renovate, replace, upgrade, acquire, install and/or integrate major site/building/utility systems, equipment and related infrastructure and housing, including lighting, electrical (including wiring and related infrastructure for modern technology), heating, refrigeration, cooling and ventilation, water, sewer, gas, irrigation, drainage, and energy efficiency/management monitoring systems, networks, fixtures, equipment and controls.
- Acquire, install, upgrade and/or construct renewable energy and/or energy-saving systems, improvements and equipment, including electricity generation and distribution systems and/or water heating systems, natural light improvements, upgraded insulation and roofing, efficient lighting, windows and window coverings, shade structures, energy management and conservation systems, and other passive technologies, and structures to support such systems, improvements and equipment and related infrastructure.
- Replace portable classroom buildings with modular or permanent classroom buildings.
- Construct additional classrooms/classroom buildings, restrooms, and related school facilities.
- Renovate, upgrade, expand, and/or construct and install outdoor learning and athletic facilities and areas, including shade/rain structures, sitting areas, and playgrounds.
- Acquire and install technology equipment, fixtures and infrastructure, including computers, tablets, mobile devices, software, interactive educational technology, digital projectors and cameras, monitors, audio systems, video systems, network equipment (including servers, network interface devices, network switches and

routers, wireless network equipment, firewalls, network security equipment, racking, power and cooling equipment, wiring and uninterruptible power supplies), etc.

- Construct, improve, reconfigure, expand, and/or install sidewalks, parking areas, and related areas.

All or portions of these projects may be used as joint-use projects within the meaning of Section 17077.42(c) of the Education Code (or any successor provision).

MIDDLE SCHOOLS

The following projects are authorized to be financed at the following middle schools:

La Contenda Middle School

Twentynine Palms Junior High School

- Upgrade, expand and/or acquire and install fencing, gates, locks, access controls, security lighting, security alarm, and video surveillance.
- Modernize, upgrade, renovate, replace, rehabilitate, re-configure, expand, acquire and install, and/or upgrade classrooms, classroom buildings, labs, restrooms, common areas and grounds and school support facilities (including library, multipurpose room/auditorium, kitchen, food storage, preparation and service, cafeteria and office/staff support facilities, whether permanent, portable or modular, including interior and exterior (as applicable) doors, windows, door and window hardware, roofs, rain gutters and downspouts, walls, ceilings and floors and finishes, paint, siding, insulation, casework, cabinets, secured storage, carpets, drapes, window coverings, infrastructure, lighting, sinks, drinking fountains, fixtures, signage, fencing, landscaping, furniture and equipment.
- Renovate, replace, upgrade, acquire, install and/or integrate major site/building/utility systems, equipment and related infrastructure and housing, including lighting, electrical (including wiring and related infrastructure for modern technology), heating, refrigeration, cooling and ventilation, water, sewer, gas, irrigation, drainage, and energy efficiency/management monitoring systems, networks, fixtures, equipment and controls.
- Acquire, install, upgrade and/or construct renewable energy and/or energy-saving systems, improvements and equipment, including electricity generation and distribution systems and/or water heating systems, natural light improvements, upgraded insulation and roofing, efficient lighting, windows and window coverings, shade structures, energy management and conservation systems, and other passive technologies, and structures to support such systems, improvements and equipment and related infrastructure.
- Replace portable classroom buildings with modular or permanent classroom buildings.
- Construct additional administrative and classrooms/classroom buildings, science labs, restrooms, and related school facilities.
- Renovate, upgrade, expand, and/or construct and install outdoor learning and athletic facilities and areas, including shade/rain structures, sitting areas, and gymnasium, locker rooms, and fitness center.
- Acquire and install technology equipment, fixtures and infrastructure, including computers, tablets, mobile devices, software, interactive educational technology, digital projectors and cameras, monitors, audio systems, video systems, network equipment (including servers, network interface devices, network switches and

routers, wireless network equipment, firewalls, network security equipment, racking, power and cooling equipment, wiring and uninterruptible power supplies), etc.

All or portions of these projects may be used as joint-use projects within the meaning of Section 17077.42(c) of the Education Code (or any successor provision).

HIGH SCHOOLS

The following projects are authorized to be financed at the following high schools:

**Twentynine Palms High School
Black Rock High School**

Yucca Valley High School

- Upgrade, expand and/or acquire and install fencing, gates, locks, access controls, security lighting, security alarm, and video surveillance.
- Modernize, upgrade, renovate, replace, rehabilitate, re-configure, expand, acquire and install, and/or upgrade classrooms, classroom buildings, labs, restrooms, common areas and grounds and school support facilities (including library, multipurpose room/auditorium, kitchen, food storage, preparation and service, cafeteria and office/staff support facilities, whether permanent, portable or modular, including interior and exterior (as applicable) doors, windows, door and window hardware, roofs, rain gutters and downspouts, walls, ceilings and floors and finishes, paint, siding, insulation, casework, cabinets, secured storage, carpets, drapes, window coverings, infrastructure, lighting, sinks, drinking fountains, fixtures, signage, fencing, landscaping, furniture and equipment.
- Renovate, replace, upgrade, acquire, install and/or integrate major site/building/utility systems, equipment and related infrastructure and housing, including lighting, electrical (including wiring and related infrastructure for modern technology), heating, refrigeration, cooling and ventilation, water, sewer, gas, irrigation, drainage, and energy efficiency/management monitoring systems, networks, fixtures, equipment and controls.
- Acquire, install, upgrade and/or construct renewable energy and/or energy-saving systems, improvements and equipment, including electricity generation and distribution systems and/or water heating systems, natural light improvements, upgraded insulation and roofing, efficient lighting, windows and window coverings, shade structures, energy management and conservation systems, and other passive technologies, and structures to support such systems, improvements and equipment and related infrastructure.
- Replace portable classroom buildings with modular or permanent classroom buildings.
- Construct performing arts facility/auditorium, additional classrooms/classroom buildings, restrooms, related school facilities, and school support facilities, including kitchen, food storage, preparation and service, cafeteria, office/staff support facilities, including conference room.
- Modernize, renovate, rehabilitate, re-configure, expand, upgrade, equip and/or construct/install track, athletic field, tennis courts, locker rooms and team room, gymnasium, aquatic facilities, stadium, bleachers, lighting, press box, concessions, restrooms, and related facilities for school and community use.
- Acquire and install technology equipment, fixtures and infrastructure, including computers, tablets, mobile devices, software, interactive educational technology, digital projectors and cameras, monitors, audio systems, video systems, network equipment (including servers, network interface devices, network switches and

routers, wireless network equipment, firewalls, network security equipment, racking, power and cooling equipment, wiring and uninterruptible power supplies), etc.

- Construct, improve, reconfigure, expand, and/or install sidewalks, parking areas, and related areas.

All or portions of these projects may be used as joint-use projects within the meaning of Section 17077.42(c) of the Education Code (or any successor provision).

DISTRICT ADMINISTRATION FACILITIES

The following projects are authorized to be financed at District administration facilities:

- Upgrade, expand and/or acquire and install fencing, gates, locks, access controls, security lighting, security alarm, and video surveillance.
- Modernize, upgrade, renovate, replace, rehabilitate, re-configure, expand, acquire and install, and/or upgrade office/staff support facilities, whether permanent, portable or modular, including interior and exterior (as applicable) doors, windows, door and window hardware, roofs, rain gutters and downspouts, walls, ceilings and floors and finishes, paint, siding, insulation, casework, cabinets, secured storage, carpets, drapes, window coverings, infrastructure, lighting, sinks, drinking fountains, fixtures, signage, fencing, landscaping, furniture and equipment. Such modernization may involve repurposing all or a portion of existing school sites.
- Construct additional office/staff support facilities, including offices, restrooms, conference rooms and other support facilities. Such construction may involve repurposing all or a portion of existing school sites.
- Renovate, replace, upgrade, acquire, install and/or integrate major site/building/utility systems, equipment and related infrastructure and housing, including lighting, electrical (including wiring and related infrastructure for modern technology), heating, refrigeration, cooling and ventilation, water, sewer, gas, irrigation, drainage, and energy efficiency/management monitoring systems, networks, fixtures, equipment and controls.
- Acquire, install, upgrade and/or construct renewable energy and/or energy-saving systems, improvements and equipment, including electricity generation and distribution systems and/or water heating systems, natural light improvements, upgraded insulation and roofing, efficient lighting, windows and window coverings, shade structures, energy management and conservation systems, and other passive technologies, and structures to support such systems, improvements and equipment and related infrastructure.
- Acquire and install technology equipment, fixtures and infrastructure, including computers, tablets, mobile devices, software, interactive educational technology, digital projectors and cameras, monitors, audio systems, video systems, network equipment (including servers, network interface devices, network switches and routers, wireless network equipment, firewalls, network security equipment, racking, power and cooling equipment, wiring and uninterruptible power supplies), etc.
- Construct, improve, reconfigure, expand, and/or install sidewalks, shade structures, parking areas, and related areas.

All or portions of these projects may be used as joint-use projects within the meaning of Section 17077.42(c) of the Education Code (or any successor provision).

MISCELLANEOUS

All listed bond projects include the following as needed:

- Planning, designing and providing temporary housing necessary for listed bond projects.
- The inspection, sampling and analysis of grounds, buildings and building materials to determine the presence of hazardous materials or substances, including asbestos, lead, etc., and the encapsulation, removal, disposal and other remediation or control of such hazardous materials and substances.
- Necessary onsite and offsite preparation or restoration in connection with new construction, renovation or remodeling, or installation or removal of relocatable buildings or other temporary buildings, including demolition of structures; removing, replacing, or installing irrigation, drainage, utility lines (gas, water, sewer, electrical, data and voice, etc.), trees and landscaping; and relocating fire access roads or ingress/egress pathways.
- Address other unforeseen conditions revealed by construction, renovation or modernization (including plumbing or gas line breaks, dry rot, seismic and structural deficiencies, etc.).
- Acquire or construct other improvements required to comply with building codes, including seismic safety requirements, the Field Act, and access requirements.
- Acquisition of any rights-of-way, easements, licenses and/or real property made necessary by listed bond projects, or lease of real property made necessary by the listed bond projects.
- Acquire or construct storage facilities and other space on an interim basis, as needed to accommodate construction materials, equipment, and personnel.
- Furnishing and equipping of classrooms and other school facilities; furnishing and equipping shall include initial purchases, and scheduled and necessary replacements, upgrades and updating of technology.
- All other costs and work necessary or incidental to the listed bond projects.

PROJECTS INVOLVING RENOVATION, REHABILITATION OR REPAIR

For any project involving renovation, rehabilitation or repair of a building or the major portion of a building, the District shall be authorized to proceed with new replacement construction instead (including any necessary demolition) if the Board of Education determines that replacement new construction is more practical than renovation, rehabilitation or repair, considering the building's age, condition, expected remaining life, comparative cost and other relevant factors.

GENERAL PROVISIONS

Interpretation. The terms of this bond proposition and the words used in the Bond Project List shall be interpreted broadly to effect the purpose of providing broad and clear authority for the officers and employees of the District to provide for the school facilities projects the District proposes to finance with the proceeds of the sale of bonds authorized by this proposition within the authority provided by law, including Article XIII A, Section 1(b)(3) of the

California Constitution, Education Code Section 15000 *et seq.* and the Strict Accountability in Local School Construction Bonds Act of 2000. Without limiting the generality of the foregoing, such words as repair, improve, upgrade, expand, modernize, renovate, and reconfigure are used in the Bond Project List to describe school facilities projects in plain English and are not intended to expand the nature of such projects beyond, or have an effect on, and shall be interpreted to only permit, what is authorized under Article XIII A, Section 1(b)(3) of the California Constitution, Education Code Section 15000 *et seq.* and the Strict Accountability in Local School Construction Bonds Act of 2000. In this regard, the Bond Project List does not authorize, and shall not be interpreted to authorize, expending proceeds of the sale of bonds authorized by this proposition for current maintenance, operation or repairs. The school facilities projects on the Bond Project List only authorize capital expenditures.

Headings. The headings or titles of the sections of the bond proposition, including any headings or titles included in the Bond Project List, are solely for convenience of reference and shall not affect the meaning, construction or effect of the bond proposition.

Severability. The Board hereby declares, and the voters by approving this bond proposition concur, that every section and part of this bond proposition has independent value, and the Board and the voters would have adopted each provision hereof regardless of every other provision hereof. Upon approval of this bond proposition by the voters, should any part be found by a court of competent jurisdiction to be invalid for any reason, all remaining parts hereof shall remain in full force and effect to the fullest extent allowed by law, and to this end the provisions of this bond proposition are severable.
