Measure J is about increasing transparency and accountability in local government. That's why you can read both the old and Measure J's new charter for yourself: https://newcharters.sbcounty.gov

YES on Measure J to bring the laws that govern San Bernardino County into the 21st century. Measure J will eliminate outdated language and rules that are more than 100 years old, requiring additional public transparency for hearings on public health orders, establish a redistricting commission and ensure regular reviews of the charter.

YES on Measure J to LOWER salaries for the current Supervisors. Measure J will establish a rigid pay schedule that can't be changed without voter approval. Measure J will tie supervisors' salaries to a percentage of Superior Court judge's salaries, preventing politicians from setting their own salaries and giving themselves pay raises.

YES on Measure J to outlaw career politicians. Measure J will limit County Supervisors to serving a total of three four-year terms.

YES on Measure J to remove sexist language from local government.

YES on Measure J to keep future Governors from deciding who is best to run San Bernardino County. The old county charter allows the Governor to make appointments if there is a vacancy in County office. San Bernardino County should decide who is best for our community.

San Bernardino County deserves a modern charter that governs how things work today, not how they worked back in 1913.

Yes on Measure J. It's time to bring San Bernardino County into the 21st century.
