Subject: RE: Proposed Polling Places and 10-Day Public Comment Period

Hello Yvonne,

Thank you for sharing this. I am concerned that Yucca Valley only has one polling location in the entire city proper for this election. (Desert Hills Presbyterian Church). This location also seems quite small to accommodate, being the only location. I tried to review the GIS info, but am not sure what I'm really looking at. Is there an written analysis for the location selection?

Thank you,

Copeland
