**Subject:** Response to the closing of polling places in San Bernardo County

For the Registrar of Voters:

Do NOT close any of our polling places. You are in the process of violating our constitutional rights. If we are well enough to stand in line at large stores, go to the Post Office and shop for groceries, we can go to a polling place. YOU are in the process of making California's voting process a complete sham. How dare you limit our constitutional rights? If you go ahead with this, NO election results will be valid in this state.

Keep ALL of our polling places OPEN!!! How dare you threaten your citizens by not keeping all of them open. If you go ahead with this, be prepared for the biggest voting mess in this country. And, be ready for all of the lawsuits coming your way. STOP denying us our constitutional rights.

Shoemaker
