Subject: In-person Polling Place in Joshua Tree

To: Registrar of Voters

Mr. Page,

I am one of many senior citizens who, in spite of Covid-19 concerns, plan to vote in person this year because of questions about vote-by-mail reliability.

I was dismayed to hear today that currently there isn't a Voting Day Polling place planned for Joshua Tree. I believe that there needs to be at least one polling place centrally located in our community.

I ask you to please revise polling station plans to include Joshua Tree this November 3rd.

Sincerely,

Jennings
